

Classification Screening Form

This form is a guide to collect the information needed for classification. Classification is usually done at an international competition in two phases by a panel of classifiers. The first phase is the classification assessment bench test. The second phase is a technical assessment and observation during the race using the bike, trike, handbike or tandem. As classifications are organised only during competitions, the information you provide here will help us place you in the interim. We may require more information. You will also require a formal piece of picture identification like a driver's license, passport or ID card as well as your cycling license.

ATHLETE INFORMATION			
Last Name:		First Name:	
UCI Code:		Gender:	<input type="checkbox"/> Male <input type="checkbox"/> Female
E-mail Address:		Date of Birth:	

TYPE OF IMPAIRMENT			
<input type="checkbox"/> Neurological	<input type="checkbox"/> Locomotor	<input type="checkbox"/> Spinal Cord	<input type="checkbox"/> Visual
Date when the impairment happened:			

BRIEF MEDICAL HISTORY

DESCRIPTION OF IMPAIRMENT

LIST OF MEDICATION

EQUIPMENT AND/OR ADAPTATION USED

--

E.g. Braces, orthotics, prosthesis, orthosis, special handlebar, etc...

SURGERIES

--

ALLERGIES

--

TYPE OF BIKE USED

<input type="checkbox"/> Bicycle	<input type="checkbox"/> Tricycle	<input type="checkbox"/> Handcycle	<input type="checkbox"/> Tandem
----------------------------------	-----------------------------------	------------------------------------	---------------------------------

Important notes:

- Please attach any relevant medical documentation (this will not be returned and will be destroyed when the process is complete), and pictures of any adaptation made on your bicycle.
- This information will be confidential and used for classification purposes only.

This form and the attached documents can be submitted to the UCI by e-mail or post mail to:
