ŚWIĘTOKRZYSKIE Voivodeship

We invite you on an extraordinary journey around the Świętokrzyskie Voivodeship, which will provide you with unforgettable experiences. The Świętokrzyskie region delights with its interesting nature, especially the picturesque Świętokrzyskie Mountains, the forests of the Fir Forest and the landscapes of Ponidzie. It occupies a special place on the geographical and historical map and economic Poland.

The location of the voivodeship at the intersection of important communication routes in the country, close to the largest Polish agglomerations, makes it very attractive in terms of investment. Here you will find places of worship and religious buildings that will fill you with peace and spiritual strength. You will visit the most beautiful castles and learn about the legends associated with them. You will fall in love with Kielce and the royal Sandomierz, where you will see unique architectural and cultural monuments, museums and natural monuments.

A wonderful microclimate, sunny weather, contact with nature unspoiled by industry, and, above all, healing medicinal and mineral waters - these are the greatest wealth of Busko-Zdrój and Solec-Zdrój, spa towns to which spa visitors come every year from the most distant corners of Poland and Europe to rebuild their health, regenerate your strength, restore your beauty and improve your condition.

Świętokrzyskie is a truly unique region and is worth getting to know. We are convinced that whoever visits us once will want to come back here.

Świętokrzyskie invites you !!!
